

INSPECTION REPORT ADDENDUM – CORPORATE SOCIAL RESPONSIBILITY		REV 1
<p><i>Many US companies trading overseas are now required to monitor and report on the standards of social responsibility practiced by the companies they trade with. Since EQA's inspectors conduct product inspections at overseas factories utilized by our clients, they are in a unique position to observe and report on these matters.</i></p> <p><i>Following completion of a product inspection, please complete this report to the best of your understanding. It does not need to be completed on the factory premises, or shared with factory management or staff. In addition, the answers you provide will not be held against you in any way.</i></p> <p><i>Once completed, please include it with the product Inspection Report.</i></p> <p style="text-align: center;"><i>Thank you - our clients greatly appreciate your assistance in this matter!</i></p>
